EMORY CONNECTS
GLOBAL NETWORKING SERIES

The EAA is invested in the professional success of all Emory alumni, no matter the stage of career or career path. With engaged alumni all across the globe in a broad spectrum of fields, Emory’s professional network continues to develop and grow each year. In celebration of the power of this diverse and global alumni network, chapters around the world will support alumni career development through virtual and in-person events throughout the month of March and beyond.
